

PATCHES, CHARMS & ALL OF MY STRENGTHS

A new school bag isn't the only thing worth prepping. Style the bag below with everything that'll help you feel ready for the term ahead. Turn a strength you're proud of into a patch. Add a sticker for something you got better at last year, a keychain for someone who has your back, a tag for a memory that makes you smile, and doodles or pins for what you're hoping for this term. Draw it, write it, design it however you want. Make your bag loud, weird, funny, or whatever feels right.

What's inside matters more than what's on your back.
